

Dear Customer,

In this latest newsletter, we have decided to introduce you to the many products in our UNIBAL rod-ends and spherical bearings range which are world renowned for their quality and precision.

Our range includes rod-ends with or without maintenance, a stainless steel range, a competition range for cars and also an economy range by SPHERCO, RBC-HEIM imperial dimensions for angle transmissions as well as sealed rod-ends on request, made by HIRSCHMANN.

We also supply neoprene protectors and distance rings suited to our range.

You can also directly consult our website to check the availability of a bearing, its price and even order one at www.rbcfrance.com in the e-shop section
