

UNIBAL® Rod ends and spherical bearings :

GENERAL & MECHANICAL INDUSTRY

- **Large range**
 - o Performance and technology adapted to customers requirements
- **Standardised design – conforms to DIN 12240**
 - o Easy to integrate
 - o Easy to change
- **Standardised manufacturing**
 - o Economic
 - o Commitment to superior quality
 - o Availability from stock
- **Specials**

SPORTS, COMPETITION

- High performance, high quality
- Standard
- Specials
- Non-destructive control

**UNIBAL® Rod ends and spherical bearings :****AEROSPACE**

- **Standard**
 - o EN 2064
 - o Mil-B-81820
- **Development, manufacturing of specials**
- **EN-9000-1 certified**

RAIL

- **Specials**
 - o High performance
 - o Experience
 - o Engineering dialogue
 - o R&D
- **Quality**
 - o Standardization
 - o Total traceability
 - o Tailored performance
